ADMISSIONS POLICY

STATEMENT OF INTENTION

It is our intention to make Ali's Out of School Clubs accessible to children and families from all sections of the local community.

AIM

We aim to ensure that children between 3-11 years old and their families of the Harraby area and Carlisle have access to Ali's After School, Breakfast and Holiday Clubs (also known as Ali's Out of School Club), through open, fair and clearly communicated procedures.

METHODS

In order to achieve this aim, we operate the following admissions policy.

- We ensure that the existence of Ali's Out of School Clubs is widely advertised in places accessible to all sections of the community.
- We ensure that information about Ali's Out of School Clubs is accessible in written and spoken form and where appropriate, in different languages.
- We normally arrange our waiting list in a first come, first served order. In addition our policy ensures that any **looked after children, will be given first priority**. We may also take into account: a child with special education/additional needs and siblings already attending the club.
- We describe the clubs and practices in terms which make it clear that it welcomes and involves fathers, mothers, other relations and carers including nannies and childminders.

We describe the clubs and its practices in terms of how it treats individuals, regardless of gender, special educational needs, disabilities, background, religion, ethnicity or competence in spoken English.

- We describe our clubs and its practices in terms of how it enables all children and parents/carers inclusively to take part in Out of School Clubs. We monitor the gender and background of children joining the clubs to ensure that there is no accidental, indirect or direct, discrimination taking place.
- We make our equal opportunities policy widely known.
- We consult with families about the opening times of the clubs to avoid excluding anyone.
- We cover out of school care for a wide age range of 3-11 years old.

BEHAVIOURAL POLICY

The staff aim to provide a play environment that ensures the children's right to play/learn without fear of being hurt or hindered by anyone else, an environment that positively encourages good behaviour.

Staff have a responsibility to actively encourage and reinforce desirable behaviour and to discourage and challenge unacceptable behaviour.

The following staff are the coordinators for managing behaviour;

Breakfast Club- Jane Matthews
After School Club- Sarah Ivison/Jane Matthews
Holiday Club- Sarah Ivison or Jane Matthews

All children will be actively involved in discussing and setting ground rules for Ali's Out of School Clubs, and encouraged to take responsibility for their own behaviour and its consequences.

Staff will promote the children's welfare and development by managing their behaviour in the following ways:

UNACCEPTABLE BEHAVIOUR

Examples of the type of behaviour that is unacceptable include: aggressive behaviour, bad language, racist or sexist comments, violence, general name calling, bullying and lack of respect for equipment/environment and property.

Children's whose behaviour is unacceptable will be given one to one adult support to help them work towards a better behaviour pattern.

If, after working with a child on an individual basis, staff are unable to resolve an ongoing problem, parents/carers will be asked for their support.

In the event of a child repeatedly putting either themselves or other children at risk, or preventing other children from benefiting from the activities on offer, parents/carers may be asked to keep their child at home. Unacceptable behaviour will be monitored and may be recorded in our behaviour book. If a child's name appears in the behaviour book on 3 occasions the parent will be notified that the child will have to leave the club. If a child's behaviour improves, then one occasion will be reduced each term.

Physical punishment such as smacking or shaking is never used or even threatened, neither is verbally humiliating children in front of others.

It is the behaviour **NOT** the child that is not welcome.

PHYSICAL RESTRAINT

If a situation arises where staff feel that a child poses a serious risk of personal injury to either themselves, other children, an adult or risks causing serious damage to property, staff may have to physically restrain them.

Any incident will be recorded and the parents/carers informed on the same day.

EXCLUSIONS

To exclude a child would be the last resort. Staffs recognise the fact that the problem is the behaviour and not the child, and will endeavour to work with children to help them understand and modify their behaviour to ensure that they develop the appropriate social and personal skills to allow them to be integrated into Ali's Out of School Clubs.

Initially staff would attempt to resolve problems on an individual basis with the child within the Ali's Out of School Club setting. If unable to resolve an ongoing problem, the parents/carers will be asked to meet with the staff to discuss their concerns and to be asked for their support.

Staff may monitor and record any problems, progress and incidents involving the child. These records would be shared with the parents/carers.

In extreme cases unacceptable behaviour which, after consultation with parents/carers, cannot be resolved within the Ali's Out of School Club setting, staff will inform parents/carers that the issue will be taken to the Management Committee to discuss the possibility of excluding the child. The parents/carers have the right to attend the meeting if they so wish.

In instances of violent behaviour a child will be immediately excluded. It will then go to the management committee to discuss whether the child can be admitted back into the club.

The Management Committee reserve the right to exclude children either permanently or for a period of time if they feel that it is necessary in order to safeguard the welfare and safety of the other children and adults involved in Ali's Out of School Clubs.

EARLY YEARS- ALI'S OUT OF SCHOOL CLUBS

POLICY AND PROCEDURE FOR STAFF SUPERVISION

Introduction

Supervision is primarily a tool to support the management of practice. Where successful, it should provide practitioners with a route through which to raise any professional queries, to discuss career progression, to clarify roles, responsibilities and work tasks, to support performance management and to build their confidence in supporting children's development. It should also be an opportunity for practitioners to raise any concerns that they might have about children in their care, and to receive support to help them deal with difficult or challenging situations at work.

Statutory Framework

In accordance with the revised Statutory Framework for the Early Years Foundation Stage 2017 staff supervision is a requirement for providers under Section 3 – The Safeguarding and Welfare Requirements, clauses 3.2 and 3.22 as follows:

3.2. Providers must take all necessary steps to keep children safe and well. The requirements in this section explain what early years providers must do to: safeguard children; ensure the suitability of adults who have contact with children; promote good health; manage behaviour; and maintain records, policies and procedures.

3.22. Supervision should provide opportunities for staff to:

- discuss any issues – particularly concerning children's development or well-being;
- identify solutions to address issues as they arise; and
- receive coaching to improve their personal effectiveness

Key responsibilities for individuals carrying out supervision

- Sessions should be organised in advance and arrangements will be changed only in exceptional circumstances.
- Meetings should be well-structured, allowing both the supervisor and the supervisee to contribute to the meeting.
- An appropriate place will be selected for the meeting that is free from interruptions.
- All the areas included within the supervision policy will be covered.
- The meeting will be recorded accurately and a copy will be provided for the supervisee.

Key messages for supervisees

For everyone to gain the maximum benefit from supervision, it is essential that supervisees:

- Prepare for each meeting by reviewing notes and thinking about the issues to discuss
- Are ready to share their thoughts and ideas in the meeting
- Talk openly about what has gone well and what has been challenging
- Are prepared to plan and undertake training and other development activities as agreed with their supervisor
- Read and agree the notes from the meeting and carry out any required actions.

Suitability to work with Children

Supervision meetings offer a regular opportunity for members of staff to declare any criminal offences since their last DBS or any reason or incapability to work with children. Disqualification from working with children includes living in a household with a person that is disqualified.

Significant information will be recorded as a declaration on the individual member of staff's supervision form.

Completing the written record of the supervisory meeting

Every supervisory meeting will result in an agreed written record of what has been discussed and what actions should be taken next. Notes will be taken by the supervisor and then written up at a later date, or a handwritten record of the meeting will be completed as the meeting progresses. The record will include points for action with clear timescales and identified responsibilities. The supervisor and supervisee should agree on the content as an accurate record of the meeting, by both individuals signing and retaining a copy of the notes for future reference.

Supervisions will take place at the end of the autumn, spring and summer term. At the beginning of each academic year appraisals will take place with a review mid-way through the year.

The Manager will complete the supervisions with the nursery managers, followed by the Manager completing them with the rest of the staff.

HEALTH AND SAFETY POLICY

The play workers aim to ensure that Ali's After School, Breakfast and Holiday Clubs take place in a safe, healthy environment, which actively promotes safe and healthy lifestyles.

This will be carried out in the following ways:

HYGIENE

One member of Staff at least are trained in food hygiene and preparation. All staff and children will wash hands before serving/eating snacks and after toileting.

INTIMATE CARE POLICY

Children between the ages of 3 and 5 who need personal care and intimate care i.e changing nappies, will be supported by a member of staff in the Nursery toilet. Other children who need support with intimate care or to deal with any other personal needs will also be supported by the staff to use the registered toilet and this will be completely confidential between parents and staff.

FOOD HANDLING

Staff involved in the preparation and handling of food will be aware of the basic regulations when preparing 'low risk' snacks relating to food and safety.

MEDICATION

We refer to the school's "Supporting Pupils with Medical Conditions" Policy.

- Children taking prescribed medication must be well enough to attend the setting.
- We only usually administer medication when it has been prescribed for a child by a doctor (or other medically qualified person). It must be in-date and prescribed for the current condition.
- Non-prescription medication, such as pain or fever relief (e.g. Calpol) and teething gel, may be administered, but only with prior written consent of the parent and only when there is a health reason to do so, such as a high temperature. Children under the age of 16 years are never given medicines containing aspirin unless prescribed specifically for that child by a doctor. The administering of un-prescribed medication is recorded in the same way as any other medication.
- Children's prescribed medicines are stored in their original containers, are clearly labelled and are inaccessible to the children. On receiving the medication, the member of staff checks that it is in date and prescribed specifically for the current condition.
- Parents must give prior written permission for the administration of medication. The staff member receiving the medication will ask the parent to sign a consent form stating the following information. No medication may be given without these details being provided:

- the full name of child and date of birth;
 - the name of medication and strength;
 - who prescribed it;
 - the dosage and times to be given in the setting;
 - the method of administration;
 - how the medication should be stored and its expiry date;
 - any possible side effects that may be expected; and
 - The signature of the parent, their printed name and the date.
- The administration of medicine is recorded accurately on our medication records each time it is given and is signed by the person administering the medication and a witness. Parents are shown the record at the end of the day and asked to sign the record to acknowledge the administration of the medicine. The medication record, records the:
- name of the child;
 - name and strength of the medication;
 - name of the doctor that prescribed it;
 - date and time of the dose;
 - dose given and method;
 - signature of the person administering the medication and a witness; and
 - Parent's signature to say that it has been administered
 - Medication record forms are monitored to look at the frequency of medication given in the setting. For example, a high incidence of antibiotics being prescribed for a number of children at similar times may indicate a need for better infection control.

Storage of medicines

- All medication is stored safely in a locked cabinet or refrigerated as required
- Staff members are responsible for ensuring medicine is handed back at the end of the day to the parent.

- For some conditions, medication may be kept in the setting to be administered on a regular or as-and-when- required basis. Staff members check that any medication held in the setting, is in date and return any out-of-date medication back to the parent.

Children who have long term medical conditions and who may require ongoing medication

- A risk assessment is carried out for each child with a long term medical condition that requires on-going medication. This is the responsibility of the SENCO alongside the key person. Other medical or social care personnel may need to be involved in the risk assessment.
- Parents will also contribute to a risk assessment. They should be shown around the setting, understand the routines and activities and point out anything which they think may be a risk factor for their child.
- For some medical conditions, key staff will need to have training in a basic understanding of the condition, as well as how the medication is to be administered correctly. The training needs for staff form part of the risk assessment.
- The risk assessment includes vigorous activities and any other activity that may give cause for concern regarding an individual child's health needs.
- The risk assessment includes arrangements for taking medicines on outings and advice is sought from the child's GP if necessary where there are concerns.
- An individual health plan for the child is drawn up with the parent; outlining the key person's/ staff's role and what information must be shared with other adults who care for the child.
- The individual health plan should include the measures to be taken in an emergency.
- The individual health plan is assessed every six months, or more frequently if necessary. This includes reviewing the medication, e.g. changes to the medication or the dosage, any side effects noted etc.
- Parents receive a copy of the individual health plan and each contributor, including the parent, signs it.

Managing medicines on trips and outings

- If children are going on outings, the key person for the child will accompany the children with a risk assessment, or another member of staff who is fully informed about the child's needs and/or medication.
- Medication for a child is taken in a sealed plastic box clearly labelled with the child's name and the name of the medication. Inside the box is a copy of the consent form and a card to record when it has been given, including all the details that need to be recorded in the medication record as stated above.
- On returning to the setting the card is stapled to the medicine record book and the parent signs it.

- If a child on medication has to be taken to hospital, the child's medication is taken in a sealed plastic box, clearly labelled with the child's name and the name of the medication. Inside the box is a copy of the consent form signed by the parent.
- This procedure should be read alongside the outings procedure.

Children at Inglewood Junior School who attend the clubs- The Secretary who holds the medication in the Junior School Office will meet the member of staff who collects the children for the After School Club and hand over the medicine and any record that has to be given to the child and parent. The ASC will then give the child the medication at the ASC and this will be passed on to the parent when they collect the child.

All the staff of Ali's out of school clubs have been trained in the use of Epi- pens

There are some children with long term illnesses that require medication, i.e. asthma and allergies. The parents/carers of these children will need to complete a medical plan which will be shared with the play leaders. Permission will be needed to seek any necessary treatment.

Children's medicines are stored in accordance with the product instructions. For example stored in a labelled box in our own fridge in the kitchen. Stored at room temperature in our top drawer in the filing cabinet which is opened during session times and out of reach of children.

In the event of children requiring specialist medication Ali's After School, Breakfast and Holiday Club will seek specialist training for staff from a qualified health professional i.e. use of an Epi-pen

If any juniors carry their own inhalers with them then the parent/carer will need to fill in a separate form (Child Stores and Using Their Own Medication form) allowing them to use it in any of the clubs. The children can only use the inhaler in front of a member of staff so that it is carried out in safety, with no other children involved and is then stored away properly.

Permission is required to give medication to a child. This is recorded by the staff on the child's medication record and signed by parents or guardians

LONE WORKING POLICY

Ali's Afterschool and Breakfast club does not recommend that staff are on the premises working alone but there are occasions when staff arrive on the premises first in the morning. Therefore, risk assessments are carried out to highlight potential hazards and control measures are put in place.

Staff working alone should ensure doors are locked, notify someone responsible (other colleague) of their presence in school.

Lone workers who detect a fire sound the alarm using the break glass points located around school. If it is safe to do so, a phone call should be made to the emergency services. However personal safety is a priority and leaving the building by the nearest fire exit and raising the alarm at a nearby house should be the course of action if appropriate.

MISSING CHILD POLICY

The staff in Ali's Out of School Clubs aim to keep children safe from harm by using the Policies and Procedures.

The staffs at Ali's Out of School Clubs use a ratio of 1 staff member to 8 children. On outings, trips or events the ratio may be lowered. For example, in cases where children with challenging behaviour or of a very young age attend the club.

Parents of all children must inform the staff if their child is attending after school activities.

Children follow rules and boundaries of where they can play and have fun but also areas that they cannot have access to. For example, playing behind walls or bushes where they may be out of view when there is a head count.

All parents must inform a member of staff if for any reason your child who is expected to be at the collection point, is not in attendance at the correct time. If your child is in an after school activity without informing us, then your child will be collected from this activity and signed into the after school club as your usual booking.

In the event of a child going missing, other children in the group will be made safe as the following procedure takes place:-

- A member of staff will alert other people to help look for the child.
- After a few minutes, a member of staff will ring the child's parents/carers and ask them to wait for a short period of time at home in case the child arrives there.
- In the case of the parent/carer being away from home or at work. The next contact number on the emergency list will be contacted and asked to come to the school immediately.
- If the child has not been found in the nearby area, the police will be informed.

TRANSITION POLICY

The aim of Out Of School Clubs transitional policy is to ensure that the children settle in well and parents feel confident that their child is safe and well and enjoying themselves. We aim to do this by;

- On first contact, introduce the staff to the parent and child
- Give the parent an information leaflet and registration form which will need to be handed back before the child's first session with us. Also a set of policies will be given for the parents to read.
- Arrange a visit to come and spend time with the other children so that your child can see the routine and have some fun. Discuss arrangements for the days the parent wishes to book. The staff will also explain and show you the process in which the child will be collected or dropped off at their classroom or the junior school.
- Further visits can be arranged until the parent and child feel confident and comfortable enough to start attending.
- The staff will also make contact with the child's teacher to tell them which days the child will be picked up or dropped off at the classroom. It may also be reassuring for the parent to also inform the teacher
- The Early Years guidance 2014 states that discussions must take place with parents/teachers to help young children to settle in and solve any other issues during the time with us.

When a child starts the club, the parent will be encouraged to telephone the club if they have any concerns regarding the child's settling in. As with all children, staff will speak to the parent and tell them what sort of day the child has had and discuss any concerns that the parents may have. The staff are available during club hours if you feel you need to talk to them.

Holiday Club

Holiday club staff also work in After School Club so you may need to make arrangements to call in from 2.45pm to talk to them. Holiday Club runs on a similar basis to After School Club. It is open all day so depending on the care arrangements, it may be emotionally challenging for a child if they have never been to a Holiday Club before and need to be booked in all day. The club aims to help your child with a smooth transition from home to the club by;

- On first contact you will be asked to make an appointment to visit either the After School Club or Holiday Club to be introduced to the staff and to be given a registration form to be completed and returned before the child's first visit. Also the parent will be given a set of policies to read.
- When you return the form it will give you an opportunity to have a look around the areas that your child will be playing in and make arrangements for your booked days and times.
- The club runs on an hourly, sessional and full daily basis so if you feel it would help your child to settle in you may want to book them in gradually for example, 2 hours then half day then 6 hours then full day if this suits you.
- The parent and child are free to visit as many times as they feel necessary by appointment.
- Children are free to bring a comforter such as a teddy or toy from home to help them settle in.
- The parents are welcome to telephone the club at any time to reassure them that their child is well.
- The Early Years guidance 2017 states that discussions must take place with parents/teachers to help young children to settle in and solve any other issues during the time with us.

After School Club

At the end of each school year you and your child will be shown how your child will be collected or make their way to the hall for registration.

Reception Children will be collected from their class by a member of staff at 3.00pm. Nursery children will be collected at 3.15pm. Year 1 and 2 pupils will be guided to the dining hall by their teachers and Junior children will be collected from the glass corridor by a member of staff at 3pm. Children moving up to the juniors will accompany the appointed member of staff to the Juniors to show them where to meet. A different child will be taken up every night for the last 4 weeks of the school term before moving on.

Holiday Club

Prior to a child being accepted into the Holiday Club, contact must be made with the current school to identify children with special educational or health and meeting to be held between club staff and teachers.

Special Needs - Moving into additional groups

Managers of both groups and parents will discuss the transition and any requirements or equipment that the child needs before they start the second or third clubs

Special Needs – Transition to Junior school

In the case of children with special needs or additional needs there will be discussions between the member of staff who collects children from the juniors, their parent and the child's SENCO worker before the child starts so that the child's needs will be met before they start the school.

If you have any queries or concerns about your child moving on or starting then please do not hesitate to contact a member of staff during Club hours.

- Danger to health and safety of an individual and/or environment
- Deliberate concealment of information about any of the above

It is not intended that this policy is a substitute for/or an alternative to the setting complaints procedure. It is designed to nurture a culture of openness and transparency within the setting which make it safe and acceptable for employees and volunteers to raise in good health, a concern they may have about misconduct or malpractice.

An employee or volunteer who, acting in good faith, wishes to raise such a concern should normally report the matter to the manager who will advise the employee or volunteer of the action that will be taken in response to the concerns expressed.

Concerns should be investigated and resolved as quickly as possible. If an employee or volunteer feels that the matter cannot be discussed with the manager then they need to contact the following members of the committee.

Chairperson; Deborah Boekestein, Secretary; Stephanie Milburn, Treasurer: Allison Tapping

Alternatively they can contact our Early Years Adviser 01228 221212 or Ofsted on 0300 123 3155 for advice on what steps to follow.

A disclosure, in good faith, to the leader, manager or chairperson will be protected. Confidentiality will be maintained wherever possible and the employee or volunteer will not suffer any personal detriment as a result of raising any genuine concern about misconduct or malpractice within the setting.
