

Inglewood Community Nursery and Infant School Physical Education Vision

At Inglewood Nursery and Infant School, we believe “Everyone Matters” - and that includes every child’s health, wellbeing, movement, confidence, and joy in physical activity.

We aim to:

- Empower our staff: by using the **Get Set 4 PE** scheme, we have improved teacher knowledge, planning, confidence, and consistency. All staff—teaching, support, and midday supervisors—are enabled to deliver high-quality physical development across the curriculum and beyond.
- Bring play to life in every break and lunchtime, transforming outdoor spaces into active, engaging zones. We provide choice, challenge, and movement so non-curriculum times become rich opportunities for growth.
- Offer a diverse and inclusive extra-curricular programme so that every pupil — regardless of ability, interest, or background — can find a physical activity they love.
