

# **Inglewood Community Nursery and Infant School**

## **Art Vision**

Art and Design at Inglewood Infants is ambitious, inclusive and provides a broad range of exciting learning opportunities for our learners to be creative, imaginative and equipped to be successful artists.

Our Art and Design curriculum is designed to develop the knowledge, understanding and skill of our pupils across the Early Years and into Key Stage 1. It is vocabulary rich and provides oracy opportunities across the aspects of:

Drawing

Painting

Sculpture

Printing

Collage

Pattern

Each aspect of Art and Design encourage the children to follow the learning process: Explore, Create, Evaluate.

The curriculum features a varied selection of famous artists for our pupils to study, in order; to develop their critical thinking skills, boost their own confidence and creativity, increase their cultural literacy and develop a life-long appreciation for Art.

We acknowledge that Art and Design can be an essential means of creative expression which provides significant social and emotional benefits, such as; improved self-esteem, emotional regulation and social confidence. Designed collaborative tasks and shared experiences develop empathy as children consider different approaches and perspectives: building stronger relationships between pupils.

Art and Design is delivered indoors and outdoors through; enabling environments, structured activities and lessons, after school creative clubs, our Rights Respecting creative club and extra-curricular competitions and focus weeks
