**Lates**

We know that it can be difficult sometimes to get up and out in the morning but our Reception, Year 1 and Year 2 children start their morning learning tasks at 9.00 am and so missing even 5 minutes can make a real difference.

95% of children have been in school every day since September. Well done to you all!

We still have parent governor vacancies on our governing body. If you would like more information please come to the school office.

We are proud to support our local sixth forms, colleges and university in the training of teaching assistants and teachers. Over the next few weeks, there will be several trainee teachers in school undertaking research about our everyday teaching and learning. This means that your child might be observed or asked questions whilst they are learning. This may then be used as part of a trainee research project. Miss Boekestein has looked over everyone's projects and your child, and our school, will not be named in any work produced. However, if you do not want your child to be observed or questioned, please return the slip below by Monday 6th November.

 I do not wish my child.....in Class.....to be observed or questioned by trainee teachers from University of Cumbria during November 2017.
